BCI & DNA REGISTRATION

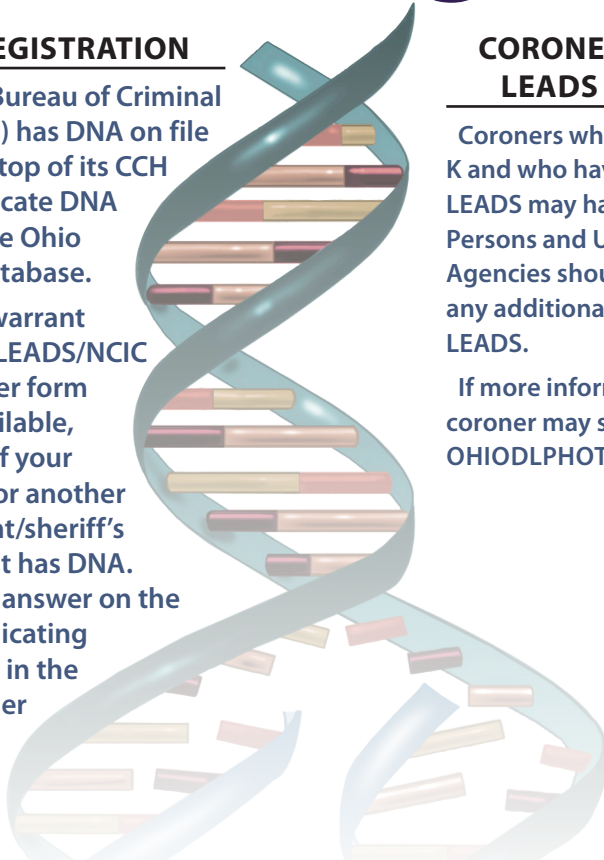

When the Ohio Bureau of Criminal Investigation (BCI) has DNA on file for a subject, the top of its CCH response will indicate DNA is registered in the Ohio DNA Offender Database.

When entering warrant information into LEADS/NCIC and the Messenger form asks if DNA is available, only answer YES if your agency has DNA or another police department/sheriff's office has stated it has DNA. Do not base your answer on the CCH response indicating DNA is registered in the Ohio DNA Offender Database.

CORONERS REQUESTING LEADS INFORMATION

Coroners who have an ORI ending in K and who have an agreement with LEADS may have access to Missing Persons and Unidentified Files *only*. Agencies should not disseminate any additional information through LEADS.

If more information is needed, the coroner may submit a request to OHIODLPHOTOS@DPS.STATE.OH.US.

LEADS Fee Structure

LEADS Access Category	Fees	Comments
Non-terminal LEADS Access The agency has no means to run LEADS directly and gets information by requesting it through a terminal agency.	\$600 per year (\$50 per month)	Typically billed by the fiscal year July 1 to June 30. Agency must sign a LEADS <i>Non-terminal Participation Agreement 13B</i> .
Non-terminal LEADS with MDT Access The agency does not have a terminal in its office, but has Mobile Data Terminals (MDT) in its patrol cars.	\$1,200 per year (\$100 per month)	Typically billed by the fiscal year July 1 to June 30. Agency must sign a LEADS <i>Non-terminal Participation Agreement 13B</i> .
LEADS Terminal Access The agency has a terminal or terminals in its office through which it can access LEADS information.	56K: \$747 per month T1: \$919 per month Interface: \$250 per month Internet: \$250 plus \$5 each PC per month and \$5 each user per month.	Agency must sign a LEADS <i>Terminal Agency Participation Agreement 13A</i> .

Please direct all calls regarding the fee structure to (614) 466-0673.

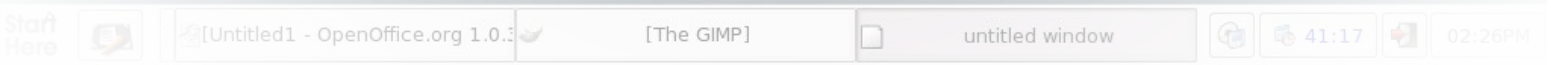

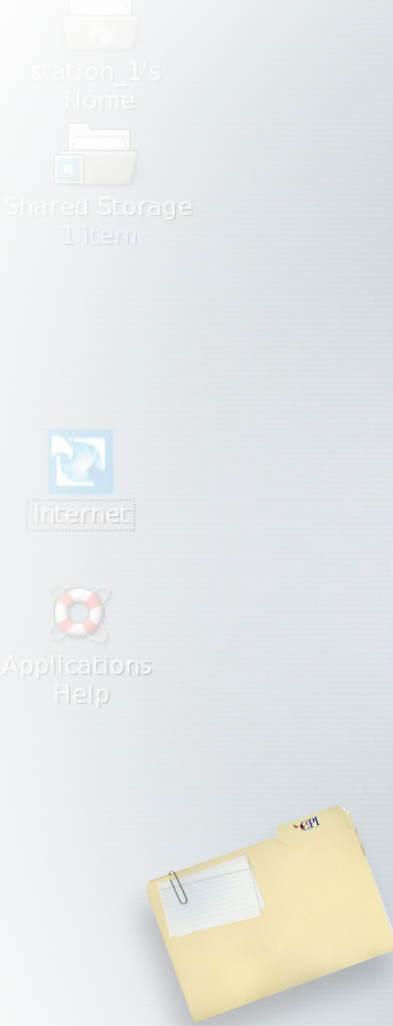

LOGIN

All Messenger agencies, including inquiry only, should log onto their terminals at least once a week. There are still several terminals that have not signed on to read the upgrade message from August. LEADS only holds 25,000 messages in the undelivered queue and even one over will bring the system down. LEADS is monitoring stations with larger queues and will start contacting agencies to inquire why they are down if there is no outstanding remedy ticket.

ADD AND REMOVE TERMINALS

Agencies now have the capability to add or remove terminals in the *Messenger Terminals Folder* in Messenger.

WELCOME NEW EMPLOYEES

LEADS would like to welcome Kim Palmer and Patrick Linesch to the LEADS Administrative Staff.

Patrick recently joined LEADS as a LEADS Data Security Auditor. He has over 20 years of experience in technology support and IT auditing. He was formerly a Certified Information System Auditor (CISA). Patrick has worked in manufacturing, corporate and small business environments and has a bachelor's degree in electronics engineering technology from DeVry University. He resides in Lewis Center with his wife, Linda, and four field spaniels. Patrick is also an active member in the Coast Guard Auxiliary and enjoys boating and camping.

Patrick Linesch

Kim's career with the state began in 1998 as a lab tech and office assistant with the Ohio State Highway Patrol Crime Lab. Since 2003, she worked as an Accountant/ Examiner 3 in the Patrol's Fiscal Section. Kim is a graduate of The Ohio State University with a Bachelor of Arts. In her spare time she enjoys event planning, listening to jazz, serving in ministry and missions at church and spending time with her family and friends.

Kim Palmer

LICENSE PLATE READER

LEADS is testing the delivery of the License Plate Reader file twice daily.

Users should be able to get the file after 0700hrs and again after 1500hrs. If you have questions, please call Tim Carrabine at 614-466-0695.

New LEADS Steering Committee Member Appointed

Delaware County Sheriff Russell Martin has been appointed to the LEADS Steering Committee. Prior to being appointed sheriff in June 2012, Martin served more than 30 years with the Delaware City Police Department, including nearly eight years as chief of police.

He began his law enforcement career as a patrol officer in 1981. He was promoted to patrol sergeant in 1990 and served in that position for five years. He also served five years as a detective sergeant and an two years as an administrative sergeant prior to being named chief in 2004. Martin also served as the president of the Ohio Association of Chiefs of Police in 2011.

LEADS Steering Committee Chair Colonel John Born, Ohio State Highway Patrol (pictured right) welcomes new member, Delaware County Sheriff Russell Martin.

"#677" PLATE

The "#677" plate is now available (free of charge) for display on your agency's motor vehicle fleet. The "#677" plate is to communicate a toll-free reporting system for the general public as a means to report suspected unlawful/criminal activities, such as: human trafficking, impaired drivers and drug activity. The caller is connected to an Ohio State Highway Patrol dispatch center. Each month dispatch centers receive approximately 5,000 calls from across Ohio. Dispatchers are trained to deploy troopers or immediately forward the call to county or local law enforcement for the most efficient response to the nature of the "#677" call. Additionally, the "#677" number is connected to the Patrol's "Hub," which can provide 24/7 intelligence analyst support.

If you are interested in receiving these plates for your motor vehicle fleet, please submit a written request on department letterhead, indicating the number of plates needed and a mailing address to:

OSP Stockroom
1583 Alum Creek Dr.
Columbus, OH 43209

After confirmation of your request, please allow two weeks for delivery. Questions may be directed to 614-466-2250.
